VOL. X. NO. 61.

SANTA ANA, CALIFORNIA, TUESDAY EVENING, FEBRUARY 9, 1915.

50 CENTS PER MONTH

SANTA ANA'S POPULATION 13,902

ONE-TIME ROMANCE ON EDGE OF WRECK

TWO PERISH IN WINE DREGS CLEANING BIG VAT

LOS ANGELES, Feb. 9.—Asphyxiated by the fumes of wine, Roberto Vanaitti, aged 29 years, and Daniel Maffi, aged 30 years, both Italians, were found unconscious in the dregs of a 3000-gallon wine tank which they were cleaning today.

Both died without regaining consciousness.

POLL TAX FOR 1914 MUST STILL BE PAID

SACRAMENTO, Feb. 9.—Those who delayed paying their 1914 poll taxes in the hope that the adoption of the anti-poll tax measure at the November election would save them money, will suffer by their action, according to a decision which Attorney General Webb has given the State Board of Equalization. Webb holds that the people, by their November vote, meant to do away with future head taxes, and did not concern themselves with those head taxes which were due and in process of collection at the time of the election. Hence, the 1914 tax will have to be paid, with accumulated penalties.

THE CITRUS MARKET
NEW YORK, Feb. 9.—Fourteen cars novel oranges, one car lemons sold. Fancy navel—Strong, 10 cents higher for 176s and larger; steady on 200s and smaller, with ordinary grades unchanged. Lemons—Firm. Averages—Navel \$1.84 to \$2.78; Highest—Glendora Heights, extra fancy, \$3.40. Weather—Fair; temperature, at 8 a. m., 24.

Packing Companies Fined By High Missouri Court

JEFFERSON CITY, Mo., Feb. 9.—Adjudged guilty of violating the Missouri anti-trust laws, the Armour, Swift and Morris & Hammond packing companies and the St. Louis Dressed Beef Company were today fined \$25,000 each by the state supreme court.

U. S. ESTIMATE IS TOO LOW, SAYS METZGAR, WHO GIVES FACTS

SANTA ANA'S POPULATION

Year	Population	Inc.
1900, June 1	4,333	
1910, April 15	8,429	
1910, July 1	8,429	
1911, July 1	8,857	
1912, July 1	9,210	
1913, July 1	9,565	
1914, July 1	9,919	
1915, April 15	10,139	
1915, July 1	10,273	
Increase, 1910-15, 1770; percentage, 2.15.		

On April 15, 1915, just five years from the last decennial census and midway until the 1920, the estimated population of the city of Santa Ana will be 10,139, compared with 8,429 in 1910, an increase of 1770, or at the rate of 21.5 per cent for the five year period. The estimates have been prepared for the Register and are based on the methods followed by the United States census bureau, which will issue official 1915 estimates on July 1, several months after the identical figures have been given publicity in this paper.

The annual estimates by the census bureau are as of July 1, but as April 15 is the expiration of the five year period since the last census, that date is given the preference in this publication. However, the July 1 estimate of the city's population is given, as well. On that date it will be 10,273.

The figures follow in detail:

CITY OF SANTA ANA

Population—	1910	1915	Inc.
Number	8,429	10,139	1770

Dwellings	2,151	2,613	462
Families	2,321	2,820	499

When Secretary Metzgar of the Santa Ana Chamber of Commerce was shown the above government estimates he enthusiastically declared the figures to be far below what he firmly believes the present population of Santa Ana to be.

"Ten thousand, two hundred and seventy-three is too low," declared Metzgar. "By actual count we found that the city's population in November, 1914, was 13,902. This is, I firmly believe, the real, bona fide population of Santa Ana."

"In this number there are included only permanent residents. The floating population is totally excluded."

Canvassers Through

"The canvassers who worked on getting together the names for the Chamber of Commerce directory, last fall were thorough in their work. Each day when the men brought in their lists for the day I questioned them particularly as to whether each name they had secured was a permanent resident. Names of persons who were intending to remain here for a short time only were not put in the directory."

"In compiling the directory we were as thorough and as careful as it was possible. I think I am safe in saying that the results we got were more accurate and more down-to-the-minute than the government census."

Basis of Figuring.

"By using the method in vogue throughout the country of arriving at an estimate of a city's population by subtracting seven per cent and multiplying that result by two and a quarter, we found that the total is 16,750."

"The seven per cent is subtracted to allow for repetitions of names, names of buildings and so on. The multiple of two and a quarter per cent is what is used all over the country to base population by the names in directories."

A city's population may be figured in a number of ways. Postoffice receipts in Santa Ana show a great gain in the number of residents. In each of the city's departments, such as water service and building permits there has been a growth to show that the population of Santa Ana is now easily 14,000.

By School Enrollment.

Taking the school enrollment for the first day of each year, an investigator would be easily convinced that the population of the city is over 12,500. The school enrollment up to September, 1914, shows an increase of 55 per cent, which would put the population of the city in September last at 12,323. These figures are arrived at by percentage. The increase in the school enrollment was 45 per cent. Using that per cent and the 1910 census, 8,429, as a basis, gives the result.

County Forges Ahead.

There is every reason to believe that Santa Ana's population has gone far ahead of a 45 per cent raise. Census reports taken by the Board of Supervisors in a number of townships in the county showed no township with a

RAINS TE UP TRAFFIC IN L.A.

KAISER TAKES FIELD

GIANT BREAKERS WASH HOUSES INTO SEA AT REDONDO

'Lightning Race,' Famous
Beach Attraction, Is Target
for Wave-Driven Piling

Damage Already Done in Day's
Storm Estimated at \$12,000.
With End Not in Sight

REDONDO BEACH, Feb. 9.—The Barlow Apartments and two cottages were washed into the ocean by the tremendous waves today and demolished. The Lightning Race, one of the beach attractions, is being badly injured by driving piling torn by the waves from the breakwater and is in danger of demolition. It is sagging badly on the ocean side.

The estimated damage for the day's storm is \$12,000, and this figure bids fair to be greatly increased.

ENJOIN MANAGER, IS PLEA OF PAVLOWA

NEW YORK, Feb. 9.—Mile. Pavlowa, the Russian dancer, appeared before Supreme Court Justice Erlanger to ask for an injunction against Ben Atwell, theatrical manager, to restrain him from bringing any more suits against her in various parts of the country. She said her trunk was attached in Washington and other cities for her alleged indebtedness to Atwell. The court reserved decision.

C. R. I. & P. PROBE TO RESUME FEBRUARY 25

WASHINGTON, Feb. 9.—The Interstate Commerce Commission announced today its investigations into the financial transactions of the Chicago, Rock Island and Pacific railway system would resume February 25.

MAY POSTPONE THAW TRIAL UNTIL MARCH

NEW YORK, Feb. 9.—It now seems likely that Harry Thaw's trial on a charge of conspiring to escape from Matteawan will not begin before March. The state today moves for the selection of a panel of talesmen for jurors. Justice Weeks has so many engagements that he may have to postpone the case.

PENNSYLVANIA VOTES FOR WOMAN SUFFRAGE

HARRISBURG, Pa., Feb. 9.—The House of Representatives today adopted the woman suffrage amendment by a vote of 130 to 71.

gain of less than 60 per cent over the 1910 census. Orange and Anaheim showed about 60 per cent; Fullerton, Newport Beach and Huntington Beach up a good deal higher than 60.

The county's population has evidently increased 65 per cent. If so, the population of the county is now 56,819. The 1910 census showed it to be 34,436.

WEATHER FORECAST

For Santa Ana and Vicinity—Rain tonight and Wednesday. Southerly winds.

"SEE America First," is the slogan of the new superintendent of the twelve national parks under the charge of the Interior Department at Washington. Mark Daniels, the California landscape engineer, recently appointed to the place just created, has taken up the work not only of handling the national parks on a scientific basis, but of convincing the American people that they have spent millions to go to Europe for scenery when they had much better at home.

TALKS 15 HOURS AT A STRETCH IN FILIBUSTER ON SHIP BILL

WASHINGTON, Feb. 9.—Still apparently fresh, Senator Jones of Washington held the floor in the senate at 9:45 o'clock this morning, after leading for more than 15 hours the renewed Republican filibuster against the government ship purchase bill.

Senator Weeks, of Massachusetts, and one or two other Republicans remained constantly in their seats ready to relieve Senator Jones should he show signs of weariness.

Early in the morning hours the Democrats made an attempt to break the filibuster by parliamentary tactics, but they were routed.

With the object of adopting a rule to center the country's attention on the filibuster, friends of the government bill only succeeded today in opening a new avenue of discussion.

Following Senator Jones' all-night speech, Reed of Missouri proposed that the members of the Senate be kept in the chamber constantly unless personally excused, as long as the Senate is in session.

Since it is the intention of the majority to keep the Senate in session until a vote is reached, this would force a vote as soon as the Republican filibusters are exhausted.

The Senate voted 38 to 36 to continue debate on Reed's proposal.

A number of Democrats are still in bed, recovering from the all-night vigil.

BAPTISTS MEET

MERIDIAN, Miss., Feb. 9.—Several hundred delegates arrived here today for the annual state Baptist men's convention, a strictly business session of three days.

Reports of Ill Health Meet With Emphatic Denial From Army Officers

BY KARL VON WIEGAND

GRAND ARMY HEADQUARTERS OF FIELD MARSHALL VON HINDENBURG IN POLAND, Feb. 9.—The Kaiser, now inspecting German troops in the eastern theater of war, has been received with unparalleled enthusiasm.

Today he reviewed the main German army along the Rawka river and the Silesian and Landwehr battalions.

Addressing the various units, the Emperor congratulated them on their achievements and declared the ultimate victory of German arms was certain.

His Majesty is in excellent health, showing conclusively that the recently circulated reports that he was breaking down under the strain of directing the campaign are groundless.

The Kaiser today held a conference with General von Hindenburg and staff, and later inquired regarding the condition of people in those parts of Poland now held by the Germans.

Under his direction an effort is being made to revive industry in this section, especially in the cities where factories are being operated by German manufacturers.

It is generally believed here that as a result of the Kaiser's visit a new German offensive movement will shortly be developed.

BERLIN (via The Hague), Feb. 9.—The German government assumed control today of all wireless stations throughout the country, and they will hereafter be used only for public business. The action is said to be due to the desire of the government to secure the widest circulation throughout neutral nations of the German war viewpoint.

LONDON, Feb. 9.—The Times and Daily Mail reproduced today the United Press interviews with Count Zeppelin and assailed his views editorially.

The Mail said the interview was "chiefly noteworthy for its naive hypocrisy," adding, "it was evidently intended by the Count to impress the American people. The Count must suppose their credulity fathomless. His touching reference to the humanity of German airmen in rendering bombs harmless before throwing them off as ballast is a stupendous effort at mendacity."

PARIS, Feb. 9.—French artillerymen today brought down a Taube aeroplane which was making observations along the Oise. The pilot and observer, both Germans, met instant death.

The French are reported to have recovered a mill near La Bassée which they recently evacuated when overwhelmingly attacked.

Activity at Soissons is increasing and artillery engagements are reported at Ypres and Nieupoort.

PETROGRAD, Feb. 9.—News of the shelling of the fashionable Russian seacoast town of Talita, fifty-two miles southwest of Sebastopol by the Turkish cruiser Breslau was received tonight. The town was raided while the Russian fleet was at sea. The Hotel Derrussia and four mercantile establishments were seriously damaged.

WASHINGTON, Feb. 9.—American Ambassador Page of London cabled today, confirming the published reports that the liner Lusitania used the American flag as a precautionary measure during its last trip from New York to Liverpool. Page told the State Department the confirmation came from the British foreign office, although it was not officially communicated.

'Ouch! Leggo My Arm!' Song of Arizona Solons

PHOENIX, Feb. 9.—As the result of Representative Sam Briscoe developing a well-defined case of smallpox, vaccination was the order of the day today, in the Arizona legislature.

All the members are nursing sore arms or legs and each member is watching his neighbor for symptoms.

When the lower house convened Representative Graham demanded to know if the health laws superseded legislative immunity.

Briscoe is still confined to the pest house where he was taken yesterday. Dr. Sims, president of the senate set the example by first baring his flesh to the vaccination ordeal.

Health authorities are watching the situation closely, threatening to adopt drastic measures the instant developments warrant it.

Just before noon the city health officers ordered the Arizona legislature to adjourn. In addition to Representative Briscoe, Reading Clerk Lanier was stricken with small pox this morning. There are several other suspects in both houses.

DOWNPOUR IS GENERAL ALL OVER SOUTH; MORE DUE

LOS ANGELES, Feb. 9.—Street car service in Los Angeles today is demoralized by flooded streets, following the heavy rains of all night.

Up to 9 o'clock, 1.46 inches of rain had fallen and heavy rains are predicted for tonight and tomorrow.

San Bernardino reports the heaviest precipitation—three inches.

The Southern Pacific tracks for a mile from Westmoor Park are washed out.

SAN FRANCISCO, Feb. 9.—The storm which has swept Northern California for forty-eight hours will be over tomorrow. This is announced by Forecaster Wilson, who added that the heavy rains and winds probably will be resumed within a week.

SACRAMENTO, Feb. 9.—The Sacramento river will reach a critical stage Thursday morning at Knight's Landing and Colusa, United States Forecaster Taylor announced today. The river today reached the 25.1-foot stage at Sacramento, but is expected to go to twenty-seven feet, which will be the high mark for the flood.

REDDING, Feb. 9.—After being blocked all night by slides, Shasta Route trains resumed operations today.

Heavy Rains Threaten Flood Conditions; Farm Work Badly Hampered

Beginning in the early hours this morning and continuing during the day a rain was general in this section and throughout Southern California.

At 12 o'clock today the rain gauge at S. Hill & Sons' hardware store registered 1.88 inches for the present storm, a season's total of 15.62.

While agriculturalists are not yet complaining of being unable to get into the fields to work their lands they would all welcome a season of dry weather. All the ranchers prefer having a great deal of rain to very little but already it is estimated on the San Joaquin that it will be two or three weeks before the teams will be able to get out to plow.

In the vicinity of El Modena no inconvenience is being felt as yet.

"The ground is filled with moisture," said M. S. Davis, of El Modena today. "We've had so much rain that most of the water is running off the lands hereabouts and benefiting other people further down in the valley. However, the rain is of inestimable benefit and up till now the farmers here are

(CONTINUED ON PAGE TWO)

HEAVY RAIN TIES UP TRAFFIC IN LOS ANGELES

(CONTINUED FROM PAGE 1)

not suffering from being unable to work their orchards." Orange picking throughout the county is being hampered. Even if there should be no more rain within the next few days it will not be before the middle of next week before picking can begin again.

In the Garden Grove district rain is enforcing a policy of "watchful waiting" among the farmers. They are not grumbling, however, preferring to get their lands well soaked and to take chances in getting in their crops later on when the soil has dried.

Word comes from Los Angeles that the street car traffic is badly demoralized. Many "jitney buses" have scooted to cover, greatly inconveniencing residents in the suburbs.

At San Bernardino the rainfall between 9:30 last night until noon today was 3 inches.

Owing to the precarious condition of houses along the ocean front at Newport and Balboa residents of these beach cities are fearing that another high tide and a storm may complete the havoc wrought during the late storm.

A number of cottages at Newport were almost completely undermined recently by the swirl of the waters and should there be a repetition of the conditions of several days ago great damage will be done.

The San Gabriel river is running tremendously high and is threatening

to overflow its banks at many points. There is much water in the Santa Ana river but so far no damage has been done.

Mr. Schooley was at Yucaipa Valley yesterday. He states that there was lots of snow on the mountains and that it was low down. It is his opinion that the present warm rain will melt a great deal of the snow, and that great quantities of water will get into the streams, creating the likelihood of floods.

AUTO BUS CASE UP IN SAN DIEGO COURT TODAY

SAN DIEGO, Feb. 9.—The right of auto buses, known as "jitney wagons," to use the streets for commerce is being argued before Judge C. N. Andrews in superior court today. Arguments principally are by Attorney T. B. Cosgrove for the city and ex-Senator Leroy Wright for Russell Bros., representing "jitney" bus operators.

The city attorney contends that machines operated by the Russell brothers as the "Red Star line," are common carriers. On this contention he asks the court that the Russells be temporarily restrained from operating their cars as carriers over the streets of the city until they have complied with the terms of the laws of the state and city requiring carriers to take out franchises.

On the application for a temporary writ the issue is to stand or fall, according to City Attorney Cosgrove. The defendants admit they are engaged in carrying passengers on the streets of the city. The real question to be decided is, shall the Russells and other operators of cars for commerce be required to comply with the franchise laws?

City Attorney Cosgrove said he did not expect a trial of the case. If the court sustains the temporary injunction there would be no need of a trial, he said. On the other hand, denial of the injunction would place the city in a position of resorting to some other process to control the "jitney bus" traffic.

WASHING WON'T RID HEAD OF DANDRUFF

Dissolve It, That's Best Way.

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

If you want to preserve your hair, do by all means get rid of dandruff, for nothing destroys the hair more quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everyone notices it. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

SCHOOLS WILL OBSERVE 12TH

Special Program Has Been Arranged for Lincoln's Birthday; News Notes

ORANGE, Feb. 9.—The public schools of Orange will observe Lincoln's birthday with a special program next Friday afternoon at the new intermediate building on North Glassell street. The local patriotic orders have been invited to participate and the G. A. R., W. R. C., and D. of V. will march in a body to the schools. The exercises will begin at 2 o'clock.

Mr. Wesley Parker arrived in this city yesterday from Phillipsburg, Kansas, where he was a former neighbor of the M. Eltiste and W. D. Granger families. Mr. Parker may locate in Orange.

Miss Fern Linbeck of Garrett, Indiana, arrived in Orange Sunday to make her home with her uncle, L. A. Durler of 600 North Glassell street.

C. J. Kadan left yesterday for Los Angeles where he will remain while completing a state university journalistic course at the Y. M. C. A.

More than thirty Orange people, all former residents of Osborne, Kansas, registered at the Kansas picnic at Long Beach Saturday.

Four state picnics are set for this month. The Illinois picnic will take place at Eastlake Park, Los Angeles, Friday, Feb. 12th, Lincoln's birthday. The Wisconsin picnic will be held on the same day at Sycamore Grove, between Los Angeles and Pasadena. The Minnesota picnic will be at Eastlake Park, Feb. 13th. The great annual Iowa picnic will be held on Washington's birthday at Eastlake Park. The Kansans had their annual gathering last week at Long Beach, making five state events for February.

Friends of Mr. and Mrs. S. P. Robb who will soon move from this city to their ranch at Elsinore, surprised them last evening at their home at 404 South Orange street where a jolly social evening was spent. Various pastimes occupied the attention of the guests and before the conclusion of the affair refreshments of ice cream and cake were served. Mr. and Mrs. Robb received some handsome presents by which to remember the event. Those present were Mr. and Mrs. S. P. Robb and daughter, Mr. and Mrs. Phillips, Mr. and Mrs. McClure, Mrs. Rudolph, Mrs. Vaughn, Mr. and Mrs. J. S. Braisher.

Last night's rainfall measured at 8 o'clock this morning was .74 of an inch, bringing the season's total to 15.07 inches.

Mr. and Mrs. Will Rohrs were agreeably surprised last evening by thirty-three of their friends from Santa Ana and vicinity, the occasion being the tenth anniversary of their marriage. The evening was spent in conversation and games and a number of appetizing refreshments consisting of sandwiches, pickles, cake, coffee and bananas were served. The bride pair were presented with several pieces of beautiful cut glass. On departing the guests wished the honored couple many future years of the same pleasure and happiness of the past years.

Mr. and Mrs. Walter F. Kogler entertained a few friends last evening at their home on North Grand street. About one hundred and fifty were present last evening at a union meeting of the young peoples societies held at the First Christian church. Games and refreshments were enjoyed during the evening.

Arthur Bailey of Arizona and Mr. and Mrs. Wallace Bailey of San Luis Potosi spent yesterday with their mother, Mrs. Jostie Bailey on North Orange street. Mrs. J. M. Bailey and Arthur have accompanied Mr. and Mrs. Wallace Bailey to their home.

The Modern Priscillas will meet Wednesday with Mrs. J. M. Gillogly. They met last week with Mrs. L. De Long where a pleasant meeting was held. Mrs. J. D. Spennetta was a guest of the club. Delicious refreshments were served.

N. B. Spray is reported on the sick list today.

Miss Lottie Carriker returned last

ACID IN STOMACH SOURS THE FOOD

Says Excess of Hydrochloric Acid is Cause of Indigestion

A well-known authority states that stomach trouble and indigestion is nearly always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juices. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation, then our meals sour like garbage in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. We then get that heavy, lumpy feeling in the chest, we eructate sour food, belch gas, or have heartburn, flatulence, waterbrash, or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast while it is effervescent, and furthermore, to continue this for one week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble with excellent results.—Advertisement.

Pre-Opening Sale of Lots in Polytechnic Villa Subdivision

We have taken the exclusive selling agency of this subdivision, and for a limited time can offer a small number of lots in this restricted district at a great discount, upon easy payments with low rate of interest. The sewers, water and gas are already in, and these lots will be sold with a guarantee from owners that streets will be graveled and oiled, that all sidewalks and curbing will be built, that parking will be completed and that trees will be planted.

While Improvements are being completed

20% discount from list prices will be given to the first ten persons buying lots!

For the purpose of securing the erection of a few houses:

40% discount from list prices will be given to the first five persons buying lots on which houses are erected within ninety days from date of purchase.

All lots in this entire subdivision will be sold under restrictions, which means that the POLYTECHNIC VILLA SUBDIVISION will soon become one of the best residential districts of Santa Ana, and under this very liberal proposition anyone desiring a home can secure it with a cash payment of only 60 per cent of value of lot and a monthly payment very little, if any, more than rent. To persons desiring to make a quick profit on a small investment, this is their chance if they come in time. We will be pleased to show these lots with auto and explain terms of payment at any time. If purchaser pays for lot and has not the money to build a house we will loan the funds necessary on easy monthly payments.

Holmes Loan & Realty Co.

501 North Main St., Santa Ana.

NEW EQUIPMENT IS HERE FOR COMPANY L

Five large cases of supplies for Company L, N. G. C., were received here yesterday from Sacramento. The goods were sent to replace worn-out material and also to furnish equipment for the additional five men which, under the new regulations, each National Guard company will be required to have now to make up a complement of sixty-five men. Included in the shipment were 6000 rounds of ammunition; fifty pairs of leggings; fifty hats; five pairs of blankets; eight new .45-caliber Colt's automatic pistols, the same as those used in the regular army; twenty uniforms; cooking utensils and two Springfield rifles.

DRY GOODS MEN FIGHT FEDERAL REGULATION

NEW YORK, Feb. 9.—Department store men must come forward and fight charges made against them by labor organizations, according to F. Colburn Pinkham, secretary-treasurer of the National Retail Dry Goods Association, who arrived here today preparatory to the opening of the annual convention of the association tomorrow.

"We are confronted by a situation wherein business has been placed on the defensive, while a misinformed public, and a dictating government will work irreparable loss to business unless checked," said Pinkham.

Pinkham characterized the minimum wage agitation as disastrous to business.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

REPORTS LEAGUE HAS A MEMBERSHIP VERY CLOSE TO 100 MARK

Organization Again Goes on
Record as Opposed to Sur-
facing Used on Roads

The following report of the annual meeting of the Taxpayers' League of Orange County was sent to the Register by the secretary, William Feldner:

The first annual meeting of the Taxpayers' League of Orange County was held in Santa Ana. D. G. Cole of Santa Ana was elected president and William Feldner of Orange was re-elected secretary-treasurer. An advisory committee of fifteen members was also elected. Eighteen new members were unanimously voted into the league.

The membership of the league has reached almost the first one hundred mark. It is the aim of the league to have 1000 members by the date of our next annual election. Alameda County Tax Association has a membership of about 3000 and through its influence hundreds of thousands of dollars have been saved to their taxpayers.

The committee appointed by the league to urge on our supervisors that

they put a more permanent surface on the roads being improved, so as to protect the concrete which is already showing signs of deterioration where the flimsy surfacing has worn away, reported that they had appeared before the Highway Commission and the Board of Supervisors and urged upon them that a more permanent, therefore a more economical, wearing surface be placed on all of the roads being improved under the bond act. The committee also stated that they were unable to report anything but apparent indifference on the part of those interviewed.

The report of the committee was accepted and the committee continued with instructions to continue investigations; also instructed that all developments such as might be of interest to the league should be laid before them at a special meeting.

It was agreed to hold special meetings in different parts of the county for the purpose of increasing the membership of the league and its influence and usefulness to the taxpayers of our county.

The following resolution was adopted, and the attention of those in control of affairs in our county is especially called to the same:

Resolved, that the Taxpayers' League is opposed to the recommendations made to the Board of Supervisors by both majority and minority committees of the Highway Commission, and that we will oppose the voting of any more bonds for road purposes until the present so-called good roads are completed in a more permanent and lasting character by placing wearing surface on them of a quality and thickness that will insure their reasonable permanency, and that the present so-called surplus of \$240,000 be used for that purpose.

Santa Ana Painless Dentists, 102½ East Fourth St. Main 253.

PLANT MANY ROSES NOW IN CALIFORNIA

At no time has there ever been such widespread enthusiasm over the state and Pacific Coast as at present in the matter of rose planting. Each community seems to vie with the other as to which shall do the handsomest thing in rose planting. One cause of this epidemic is on account of Exposition year—each town and city being bent upon presenting an attractive appearance to visitors.

This rose planting fever is being materially augmented by the California Rose Company, of Pomona, by conducting special low priced sales in nearly every good sized city in the state. This is done by their shipping to each point a large assortment of the best varieties of their field grown roses and thus allowing the people to see just what they are buying.

AMERICANS ARE COLD. SAYS ISADORA DUNCAN

NEW YORK, Feb. 9.—Isadora Duncan, the classic dancer, plans to take her twelve child proteges to Paris about March 7 to give a benefit at the Beaux Arts for the war victims.

"I am eager to leave America," said Miss Duncan. "Its people are cold, heartless—devoid of feeling for the finer things."

The children she has are youngsters who have been placed wholly in her hands by their parents with the understanding that she is to "mold their plastic natures."

'SEPTEMBER MORN' A SHOW OF DASH FROM START TO FINISH

Why quibble? Why snoop around, looking for flaws? What if those who concocted "September Morn," on view at the Grand last night, seemed to have missed by a mile the dainty spirit that Paul Chabas painted into his celebrated (if not notorious) canvas exhibited in the Paris salon some years ago?

There may have been a high-brow or two in the audience last night. And these same may have wondered greatly at what sort of men they were who, looking so intently at the painting of the demure little bathers for inspiration, made out of their said inspiration the book, lyrics and music that was exhibited last night. Let him of the longed-for forehead wonder, let him ponder, let him fret. The fact remains that everyone else had a ripping time at the Grand.

The piece called "September Morn" is a sort of "I should worry" kind of piece. The ball starts rolling from the moment the curtain is hoisted and it is some ball at that, a juicy conglomerate of young baggages who are far from having painful angles; a perfectly audible and perfectly apparent bunch of music; a soothing quantity of harmoniously colored costumes (not too voluminous, by the by) and one or two comedians who work as hard as hod-carriers in their efforts to arouse the risibles of the T. B. M.

To the stage manager of "September Morn" should be awarded a medal of some kind. There are no loafers in the company. Indeed, judging from the ambition and industry that is shown by the majority of the personnel, from the principal funmaker down to the littlest broiler, this aforesaid stage director must have been standing in the wings and prodding the actors with red-hot pokers. He certainly got results.

Not a little of the credit for the show's success is due to the work of one whose name doth not appear on the program, meaning the drummer. This arbiter of the tempo does his work with accuracy and precision. He belabors and attacks his various tools with finesse, also with vigor. The show keeps moving and the drummer is largely the cause.

Grace Childers, as Argentina, "the world's greatest tango dancer," gambols slimly about the stage, and sings a number of delicate little ditties in a reedy and wistful but not altogether displeasing voice.

The best singer in "September Morn" is Irene Wright, the best comedian, Magna Paxton, playing Mrs. Major Storm; the best song, "My Autumn Leaf Girl," at the opening of the third act; the most shapely girl, Miss—but that would be telling.

Taking it all in all "September Morn" is good entertainment. It starts with a pop and gathers in momentum until it becomes a first class explosion. It never drags for a minute, and that's what the people like.

Two Specials This Week

—"HER MAJESTY" is the latest addition to our Corset lines.

—To introduce our patrons to "HER MAJESTY" and make you acquainted with her royal qualities, we are offering a special value this week and next.

Introductory Sale \$150
"HER MAJESTY"
Corset, Special at

—There is more worth tied up in one of "HER MAJESTY" Corsets than the price indicates. This one at \$1.50 is of heavy coutile, with broad front steels, and four heavy supporters. The lines are designed for slender and medium figures.

—This corset ordinarily would be priced at \$2.00 or \$2.50. We shall sell it at \$1.50. Come, let us introduce you.

—We have a special value in fine new silks to offer for Friday.

—These are new silks, just received by express, of beautiful patterns for street wear or evening dresses. See display in our windows.

New Spring Silks
Regular \$1 Value 85c
On Sale Friday at

—There are fancy plaids, checks, stripes, brocades, in almost any color you desire. A good line of black and whites are shown as well. Messalines and Taffetas and Silk Serges of high quality, all included in this special offer.

—These silks are 24 inches wide and worth \$1.00 per yard. We offer for Friday, your choice at 85c.

GREAT VARIETY OF PET STOCK IN SHOW OPENING TOMORROW

Never before in Santa Ana was there gathered a greater variety of feathered and furry beauties than will be open to public inspection tomorrow and until Saturday night in the store room two doors north of the postoffice.

The entries far outnumber the expectations of those who are managing the show for the Orange County Bantam and Pet Stock Association. Pet stock probably is the best word to describe the entries as a whole, for it includes any number of pets. Miss Crumley, L. L. Miles and Burr Shafer have brought their cats in for exhibition, and real beauties they are.

Any person at all interested in rabbits will find plenty to fill his eyes. A

\$40 buck is on exhibition. One of the corners of the room is devoted to canaries. These songsters are working overtime with their melodies.

In the poultry coops are some of the finest birds in the county, including some of Greenleaf's Rhode Island Reds, Miles' Anaconda cock which took first prize in Los Angeles in 1913, and Johnson's prize dark Cornish hen.

Pigeons galore of various kinds are in the show. There are those with more tail feathers than body, some of the strutting kind and some of the cooing, gentle dove-like kind.

Today R. V. Moore of Los Angeles is busy in the show room judging the birds.

The show will open tomorrow morning at 8 o'clock.

Letter From the Seat of War

[Staff Correspondence of the United Press]

LONDON, Jan. 26 (by mail to New York).—"Who is going to have Palestine when the war is over?" This is one of the questions which is already beginning to worry the Allied Association of New Map Makers, and the responsive query, "Shall it be the United States?" is receiving more consideration than at first thought might seem possible.

Whatever happens to Germany and Austria, the allies are determined that Turkey shall be pushed completely off the map of Europe, and off the greater part of Asia Minor, and there will be a rare old scramble for "leg portions" when the Ottoman bird is carved.

Certain portions of the turkey have already been hooked. England has annexed Egypt and Cyprus, and will almost certainly insist in retaining that part of the Persian gulf and Euphrates

valley captured by the Anglo-Indian troops. Arabia won't be much use to anybody, as its inhabitants are a bit too lively for Christian government, and anyway, England could not afford to have any other nation planted along the route to India. Russia will grab most of Asia Minor and Northern Persia, and there only remains Syria and the Holy Land.

Palestine came under Turkish dominion in 1516, after the war between the Ottoman Sultan and the Egyptian Mamelukes, and for 300 years the sanguinary quarrels of the landed sheikhs, and the never-ending exaction of Oriental grafters kept the country in a state of chaos and depression. In 1840 the power of the sheikhs was broken and the Turks began to strengthen their hold, but although they have done much for the improvement of the country, the blight of Ottoman rule still oppresses the "land of milk and honey," and keeps fertile plains and valleys sterile.

At first sight it would appear to be the simplest plan to grant the Zionists' appeal for a Jewish state, but there are difficulties in the way. If there were the nucleus of a Jewish administration in the country, it might be easier, but there is not, and the Zionist movement has not led to any great stream of Jewish immigration. There has been but little agricultural, political or industrial development among the Jews in Palestine, and the Zionist leaders were, perhaps, more impelled by the desire to restore the ancient religion in the holy places.

Right here the Christian powers would object strongly. Tolerance has never been very marked in Palestine, but with the Turks in control, the holy places were at least kept by neutrals. Neither the Roman Catholic, Greek Orthodox nor Protestant churches would permit one denomination to obtain absolute control over the places which are holy to them all, and it is clear that there must be neutral or joint administration. A Christian state under British protection is England's idea of the solution, on the ground that Great Britain has had more experience in governing peoples of various races and creeds, but the other nations will naturally protest that England is grabbing more than her share of the plunder.

A neutral state guaranteed by all the great powers, order being kept by, and the guardianship of the holy place entrusted to an international gendarmier, is another suggested solution, but recent experiences of international control in Macedonia, Crete, Albania, etc., do not promise the elimination of friction. Looking round, then, for an impartial administrator, removed from the whirlpool of European politics and religious squabbles, the powers may find no more satisfactory candidates for the job than America. It is pointed out that the United States has for many years taken a leading part in missionary and educational work in Asia Minor and no country has displayed more enthusiasm with less idea of personal aggrandizement. Hence the possibility of the Stars and Stripes waving over Jerusalem is by no means remote, according to "international dopsters" here.

IF CONSTIPATED OR BILIOUS—'CASCARETS'

Tonight! Clean Your Bowels
and Stop Headache, Colds,
Sour Stomach

Get a 10-cent box.

Take a Cascaret tonight to cleanse your Liver, Stomach and Bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, a bad cold, are bilious, nervous, upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out. Are you keeping your bowels clean with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil?

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.—Advertisement.

ARE WE WEAK-KNEED?

The other day C. M. Jordan and C. McNeill, well-known local building contractors, were talking about building conditions, and both were emphatic in the statement that now is the accepted time to build; that building can be done for less money right now than it could have or has been done at any time during the past seven years; and, what is more to the point, it can be done for less money now than it will cost six months or a year hence.

As evidence of how great minds run in the same channels, now comes Thos. A. Edison, the great inventor and manufacturer, with a statement to the same effect and then some.

"It has surprised me," said Mr. Edison, in an interview, "to see how Americans have become weak-kneed over this war. They seem to be stricken with a sort of commercial paralysis. They ought to get out and do something; now is the opportune time. Why, you can put a building up cheaper today than you could before the war, and yet many of our supposed good business men will wait until the war is over as a sign of prosperity, and pay more for the building. The wise man will prepare now for the boom in trade that we shall soon experience, and which will be tremendous after the war."

Commenting on the Edison statement the Riverside Press says:

Capital certainly has been timid, particularly in hesitating to seize the new opportunities for ocean shipping and in going after the foreign markets opened to us by the closing of their usual sources of supply. We have done less, too, than we might in appropriating the home market for goods heretofore made abroad. Domestic industries have lagged while we hesitated and watched the progress of the war. Capitalists and manufacturers have been too much disposed to wait for a sure thing, though knowing that by the time anything becomes "sure" an individual's chances are lessened in the general scramble.

This is the time for pioneering, for buoyant optimism, for risking much to gain much—not as gamblers, but in the spirit of confident knowledge and determination that actuates Edison himself, who is the most thoroughly American of us all.

THE HABIT OF IDLENESS

In the testimony being given the Federal Commission on Industrial Relations, the original ideas of Henry Ford, the millionaire automobile maker, are prominent. The basic principle in Mr. Ford's philosophy is the gospel of work, and he attributes most modern evils to idleness.

In many towns there are sons of perpetual rest, who ornament curbstones and park benches, and slouch around saloons and railroad stations. It takes only a little money to finance these shiftless children of the lazy sunshine. Hand-outs of old clothes cover their nakedness, and odd jobs now and then keep them from starvation.

Work is usually an acquired taste. Boys rarely have it. As manhood comes on, the youth perceives that the prizes of life are reached only through persistent industry. The drone has a different standard. His contemplative ruminant leisure suits him best of all. He would like houses and lands if they came as a free gift but he would not pay the price of labor and effort.

He may once have tried to take his place among the world's workers. But never having formed the habit of industry, he became easily discouraged at a few failures.

Mr. Ford is right, and human fiber decays fast on the park bench. Man was built to toil and serve and climb, against difficulties, and against the natural human love for ease.

How to put ambition into boys who by temperament are idle and indolent, is the heart of the problem. Back on the farms the boys never used to acquire the habit of idleness. Work became a second nature. In towns there is often no work easily available for a boy to do. But work can be had by those who are determined to find it.

Parents who allow a boy to grow up without regular tasks take chances that he may drift into the grey decay of idleness. His regular hour or two at carrying papers, hoeing the garden, or sawing the wood, are just as important as those he spends in school.

WINTER DOUBLES WORK

In summer the work of eliminating poisons and acids from the blood is helped by perspiration. In cold weather, with little out-door work or exercise to cause sweating, the kidneys have to do double work. Foley Kidney Pills help overworked, weak and diseased kidneys to filter and cast out of the blood the waste matter that causes pains in sides and back, rheumatism, lumbago, stiffness of joints, sore muscles and other ills resulting from improper elimination. Sold by all druggists.—Advertisement.

Foundation Stones for Agricultural Success

[NOTE—"What are the fundamental principles of successful agriculture?" This is one of a series of articles answering that question. In these brief summaries different experts of the faculty of the College of Agriculture of the University of California have set forth succinctly the basic principles of their various specialties.]

10.—FORESTRY

By Walter Mulford, Professor of Forestry in the University of California. Forestry man's care of the forest, means the management of permanent crops of timber and the best means of utilizing those crops. Large forests on the mountains mean more water in the irrigation ditches.

Small forests in the valleys mean local supplies of fuel and posts, and often mean more moisture in the fields because of checking hot winds. On the mountain and in the valley the forest should be a wholesome recreation ground. Nature's methods of maintaining forests are wasteful and shiftless; without help from man Nature is unable to meet the demands which are made upon the forest by civilized man. The forest crop will respond to man's care by greatly increased quantity and much higher quality of the product. The control of forest fires is the first step in forestry. Forest fires can be controlled when public sentiment insists upon it. A leaf mulch on the forest soil serves as a fertilizer, the cultivator, and irrigator of the forest, without a leaf mulch, the forest suffers severely. Proper thinning increases the rate of growth of timber. The ax and saw are frequently the only planting tools needed in the forest; skillful cutting of the ripe timber is often all that is necessary for starting a desirable young crop. The forest must pay for itself, either directly or indirectly; forestry is a business proposition.

National Status of the Reform Movement

SAN FRANCISCO, Feb. 9.—Frederick M. Davenport, member of the senate of New York during Hughes' administration and the Progressive candidate for governor of the state at the last election, who is on a tour of the state capitals looking into the movement of politics and legislation, spent a few days at Sacramento and in this city during the week. He has visited the capitals of Michigan, Minnesota, Wisconsin, Illinois, Iowa, Nebraska, Colorado, Washington, Oregon and California.

"In the eastern states," said Mr. Davenport, "we live in an entirely different political atmosphere just now. There is a widespread feeling that the last election really meant that a blanket of reaction had suddenly been spread over the country and that the pillars of the old order were once more propping up the temple of the body politic."

"My judgment, after visiting a group of great states within the last few weeks is that this is not true at all. No doubt it is true that for a while we shall slow down somewhat and take account of stock in some of the states. The great wave of intense reforming zeal has, for the present, spent itself. But I find that the people generally are just as anxious to go along in the upward path as they ever were."

"They are, however, more critical about where they are going and they especially want to know what it is going to cost. There is going to be a period of pretty careful criticism of the so-called reform measures."

"Nearly every state which I have visited has an efficiency and economy commission program in mind or in operation. Simplicity, efficiency and economy in government seem to be the ideas that are most strongly in the minds of the people. They wish to slow down on the measures of varied quality which in the name of political betterment have been enacted by some of the state legislatures in the last few years. But this attitude of mind is not reaction. It is rather a steady process which is as much a part of progress as anything else."

"Of course, it is true that in the east, particularly, the European war and the business depression have contributed to a real reaction and in some of the eastern states these causes have brought about the return to power of groups of the first and second layer members of the old machine in the nation. But the interesting thing about this, in states which I have visited where this has occurred, is that these representatives of the old order who have been washed back into power, find themselves for the most part entirely unable to put the old order of things in operation again. And their timidity about trying it, after one or two attempts, is lovely to contemplate."

"The reactionaries have, I think, misread the temper of the middle and far west if they think they can, in any measure, stop a somewhat more cautious revolution of the wheels of progress. "California is about the most interesting state in the country in the line of recent political developments. I wonder it is not written up from a political standpoint far more in the east. We have heard an immense amount about Wisconsin as a great laboratory of political research, but, as a matter of fact, just now Wisconsin is suffering from political overstrain and has just elected a conservative governor and an extraordinarily timid legislature. Not so with California. She keeps up the steady march of progress, and, at the same time, continues to move the trusted political leadership which has made her what she is."

"The east has a great admiration for Governor Johnson and the thing that particularly impresses me with respect to his administration is the perfect confidence the state of California feels in the governor. "There is no state in the Union which has developed so high a standard of efficiency as has California. The state seems to be extremely fortunate in the type of mind of its population and even in its newspapers. I have never been in a state where so large a proportion of the press, taking the state in its entirety, seemed uncontrolled by anything except the desire to make California a better state."

"Governor Johnson's administration will long be remembered as about the highest type of constructive efficiency which has been developed among the commonwealth of the Union. Now that Wisconsin has temporarily gone bad, I shall recommend our folks in the east to come out to California and gain new heart and new hope from a study of and reflection upon the political ways and means of this great commonwealth."

Yours very truly,
WILLIAM F. ATER.

Santa Ana, Cal., Feb. 8, 1915. Editor Register: In response to your invitation, opening the columns of your paper to a discussion of the disposition of the surplus road bond funds, I herewith submit to the people of Orange county a solution of the problem based on an investigation of the facts as found in the records and of the law which I hold applicable to the facts.

I trust my services merit recognition; that they may be added to yours, and each duly appreciated in the spirit in which it is rendered. I believe the Register has been working on the proposition in an earnest effort to obtain a correct solution of the proposition, and that has been the ultimate of my search. Yours very truly,
WILLIAM F. ATER.

Santa Ana, Cal., Feb. 8, 1915. To the Honorable Board of Supervisors of the County of Orange, Santa Ana, Cal.

Gentlemen: I beg leave to advise you, that in the interest of the people of Orange county as well as yourselves, and as a duty to the people, by virtue of my profession, in a question so important as the one now before you, I have examined your records on the road bond issue in regard to the question as to what disposition should be made of the surplus fund, and I herewith submit to you and to the people of Orange county, subject to correction, the following report of my investigation:

I find in your order for the bond issue:

First—That it was the object and purpose of the bond issue to construct and build nineteen certain routes particularly described and defined. (Minute book No. 9, p. 274.)

Second—That in your proclamation, announcing the election to be had, you embodied the same object and purpose. (Minute book No. 9, p. 278.)

Third—That in the canvass of the election, returns you again embodied the same object and purpose. (Minute book No. 9, p. 309.)

I find no provision in your order for the bond issue for a disposition

take advantage of our
BOYS' SUIT SALE
W. A. HUFF

set forth in the report of the Highway Commission or such other purposes as are authorized by this act. Following is a provision that if there is a surplus it may be used for the improvement of other main public highways under the direction and control of the Highway Commission.

In section 8 you were empowered to provide in your order a purpose for which the surplus fund, if any, should be expended; that is, whether it should be expended in the construction of certain additional roads or for some other definite purpose provided for in the act. But I find no such provision in your order.

Because of this omission in your order, your proposed plan was not submitted to the people for ratification in the election had and it was not the purpose of the bond issue to expend \$1,270,000 in building roads notwithstanding the statement on the ballot to the contrary, but to use so much of the \$1,270,000 as was necessary to construct the nineteen certain routes, particularly and definitely described.

It therefore follows, that you should apply the proceeds derived from the sale of the bonds to the purpose specified in your order for the bond issue as submitted to the people at the election, and that the surplus, if any, must be applied toward the payment of said bonds, as provided by the county bond law. The supervisors have no discretion to do otherwise. I call your attention to the case of Jenkins vs. Williams, 111 Pac. 116, or 14 Cal. App. 89, in which you will observe a construction of the law on this point very plainly stated.

This investigation and report is unsolicited or approved by any individual, corporation, association or faction, but is bona fide, and is respectfully submitted to the Board of Supervisors and to the people of Orange county particularly, as a public duty of a lawyer in behalf of the public on a question of this nature, in order to assist in arriving at a correct solution of the proposition under consideration. I trust that it will be received in the spirit in which it is submitted, notwithstanding that it is an individual, voluntary act in behalf of the people, unsolicited or approved by any political, sectional or factional interest.

Yours very truly,
WILLIAM F. ATER.

The names of the partners are: Fred H. Towner, residing at 823 North Baker street, Santa Ana, California. Delbert Hartley, residing at 1133 West Chestnut Ave., Santa Ana, California. Witness our hands this 1st day of February, 1915.

FRED H. TOWNER.
DELBERT HARTLEY.

State of California, County of Orange—ss. On the first day of February in the year one thousand nine hundred and fifteen, before me, Osmond M. Robbins, a notary public, personally appeared Fred H. Towner and Delbert Hartley, known to me to be the persons whose names are subscribed to the foregoing instrument and they acknowledged to me that they executed the same.

Witness my hand and seal of office this first day of February, 1915.
(Seal) OSMOND M. ROBBINS.

The High Cost of Distribution
A Series—NO. FOUR

The question will be asked, Why can not the farmers sell more of their product direct to the retailers?

The position of the retailer is sensible enough. If he were to buy his potatoes of the nearest farmer raising same, he would have to clean up the farmer's crop all at a time. Then he would have to store the potatoes, and take the risk of their decaying. This would make it necessary for him to have a larger capital, or do business on borrowed money.

It is manifestly a much more prudent course of the retailer to buy of the wholesaler in small quantities as he feels sure that he will need the goods. In so doing he avoids the risk of heavy loss due to falling markets and depreciation. He keeps his money where he can get it back by quick turns.

This method assures the salvation of the retailer, but piecemeal handling in small lots is terribly costly for the consumer.

The one point where the farmers fail, in all efforts to sell direct to retail trade, is inability to provide regular supplies of their product. If they would co-operate and provide facilities for storage of products, so that they could let retailers have small shipments from week to week as needed, they would be in a position to dispense with the costly services of many jobbers, commission men, auction houses, and wholesalers.

No one farmer can provide these facilities. It calls for a united effort in some co-operative organization. A small share of the cost of the middlemen would pay the cost of such co-operative handling.

Farming has been in a rut. The farmer is an individualist, he prides himself on his independent conduct of his own business. His isolation makes him suspicious of co-operative projects. He must learn that no one succeeds in 20th century business on a basis of isolation and suspicion.

MONDAY CLUB

Interesting Paper on 'Taxation'
Given by D. G. Cole
Last Evening

The Monday Club listened to a nine-ten paper on "Taxation" at the meeting held last evening, Mr. D. G. Cole being the speaker. Mr. Cole began by defining taxation in a general way and specified the various forms of revenues collected by the state. Considerable time was devoted to a discussion of the protective tariff, which Mr. Cole ardently espouses as being essential to national development and prosperity. Extracts were read from statesmen in the early history of the United States, upholding the necessity of protection to American industries. The concluding portion of the paper dealt with the Single Tax proposed by Henry George, which the speaker did not favor.

In the general discussion which followed the reading of the paper, a great variety of opinion was evoked. Beet sugar, sewing machines, the present administration and the chances of Mr. Wilson's re-election in 1916, the income tax, and the Ford automobiles, all came in for their share of attention. Some of the members were dead sure the tariff is a tax paid by the consumer, always has been and always will be to the end of time, while others expressed the conviction that the consumer does not pay the amount imposed and hence the tariff is not a tax at all. There seemed to be a consensus of opinion that the tariff is not altogether too much "in politics," and that the whole matter ought to be turned over to a tariff commission in order to correct the abuse of log-rolling. Some thought the benefit of a protective tariff accrued mainly to the multi-millionaire and the middle-man, while others thought it was really the laboring man who got the benefit in protection against cheap foreign labor. Altogether it was an interesting and profitable meeting.

Her Birthday Remembered

The birthday of Mrs. Reuben Bradley of East Santa Clara avenue was remembered most pleasantly by her wide circle of friends throughout the county, who showered her with congratulations voiced with the pretty sentiment of birthday post cards.

For this courtesy, the honored lady wishes to express her high appreciation.

W. C. T. U. Meeting Postponed

The meeting of the W. C. T. U., which was to have been held this afternoon, at the Congregational church, has been postponed until next Tuesday, on account of rainy weather.

The same program will be given and Rev. Dowling will deliver his address on "The Life of Frances Willard."

A PRAYER FOR PEACE

Art Thou the God of Battles?
And Should man
Salute Thee thus? What glory can
be then,
In being God of horrid hates and
fears,
And greed that sells for gold a
nation's tears,
And selfish lust of power and
pomp and gain,
And sudden death, and cruel, lin-
gering pain
We cannot pray to such a God for
peace.

Art Thou the Lord of Hosts? We
bend the knee,
While marshalled hosts of men,
across the sea,
Drop to their knees before the
cannon's breath,
Down on their knees, in hideous,
writhing death!

Art Thou the Lord of Hosts? And
shall we pray
To Thee for "Peace, Good Will on
Earth" today?
To such a God we cannot pray for
peace.

Not so! It can not be! No! Men
have made
A hateful idol of earth's clay, and
prayed
To it, because, alas! they knew
not Thee,
Thou art the God of Love, and it
shall be,
That when, at last, men lift to
Thee their hands,
With love and service filled, then
shall all lands
In Brotherhood unite; war's
storms shall cease,
And through the clouds shall
shine the Sun of Peace,
Oh, God of Love! To Thee we
pray for peace!

—Florence L. Stephens.

Brotherhood Banquet and Debate

The Men's Brotherhood of the Congregational church will hold a banquet Wednesday evening. Supper will be served at 6:30 p. m. in the banquet rooms. At the close of the supper there will be a debate on the following question: "Resolved, that the policy looking towards increased armament on the part of the United States should be defeated." The affirmative side of the question will be upheld by J. A. Cranston and J. A. Hankey, and the negative by C. S. Crookshank and J. P. Baumgartner.

Young Lady Travelers.

The Young Lady Travelers of the Ebell club will meet tomorrow with Mrs. S. E. Barson, 2700 North Main street.

The subject of study will be "The Philippines," and Mrs. Weston and Miss Grace Roberts will give interesting talks on this subject.

Will Meet Tomorrow

The Missionary Society of the First Christian church will meet tomorrow afternoon at 2:30 o'clock at the church. Mrs. F. M. Gist will be the leader, which insures an interesting meeting.

All members are urged to be present and a special invitation is extended to strangers in the city.

Is there more than one member of your family studying music?
At the Conservatory you will receive a liberal discount off our already moderate tuition fee besides absolutely free theoretical courses which are invaluable to the student.

EBELL MEETING

Children 'Star' in Excellent
Program Given by Music
Section at Mrs. Hull's

The meeting of the Ebell Music Section at the home of Mrs. H. G. Hull yesterday afternoon was well attended, the program, in which the children took a prominent part, being of great interest.

The topic of the afternoon's study was "Children's Music," the subject of Mrs. F. C. Rowland's excellent paper. Little Nina Jeanette Rowland delighted the audience with her sweet childish voice, as she sang the "Song of the Kitchen Clock" and "The Sunshine Fairy," the latter song winning a round of applause for the tiny six-year-old singer was, herself, a veritable little "Sunshine Fairy."

The pretty little Bruner twins, Mary and Marian, in their vocal duet, entitled "The Dandelion" and "Baby Loves the Sunshine," were indeed very charming and their older sister, Elizabeth, contributed to "family honors" when she sang two clever little ballads, "Alighty Lac a Rose" by Nevin, and "A Queen Little House."

Mrs. M. Phillips, whose lovely voice never fails to please, sang three selections, "A Lullaby" by Gertrude Ross; "In the April Rainy Weather" by Bacheller, and "The Train" by Gaynor. Miss Albright also charmed with her lullaby, "Sleep Little Baby of Mine" by Denree; "The Japanese Maidens," "Fairy" and a song cycle by Messner.

Miss Zoe Glidden, in illustrating her interesting paper on "Children's Music," was aided by a number of her music pupils whose ages ranged from 4 to 13 years. "Tick Tock" by Margaret Martin was played with excellent interpretation by Lillian Dowell, aged 9 years. "The Frogs' Jubilee" by Marshall Loepke and "The Grass-hopper Song" by Emery, were the splendid contributions of Harold Albright, while Goodrich's composition, "Robin Good Fellow" was played by Frances Batty, whose age is 10 years. The selections of Lillian Dowell and Frances Batty illustrated transposition and memorizing in a way that won high applause, for with ease these two young musicians transposed their instrumental numbers into various keys, suggested by people in the audience.

Helen Batty, whose age is six and one-half years gave a fine exhibition of scale work and tiny Marie Benjamin, aged just four, won the admiration of the audience when she wrote her notes, read from the start from both bass and treble clefs, and, finding her scales on the piano, played with the ease that would have been a credit to a musician much her senior and truly remarkable for such a "baby."

The entire program was a great compliment to the system of training of the children who "starred" in this entertaining program.

Plans Made for Entertainment

The Daughters of Veterans held their regular meeting yesterday and important business was transacted. Plans were made for an entertainment to be given in the near future. Forty-eight calls have been made and many flowers sent to the sick during the past two weeks.

This was the second meeting at which the new officers have presided, and all seemed to be getting in touch with the work very gracefully, the outlook foretelling a very prosperous year for the "Sarah A-Round Tent."

Stereoscopy Lecture Tonight

Rev. W. L. Tucker will deliver his interesting lecture on the "Tabernacle" tonight, at 7:30 o'clock, at the First Baptist church. The lecture will be accompanied by stereoscopic views, and the public is cordially invited to attend.

Sunshine Society Will Meet

The regular meeting of the Sunshine Society has been scheduled for tomorrow afternoon, at the home of Mrs. Minnie L. Coleman, 842 Parton street but if the rains continue, the meeting will be postponed.

American-Made Fashions

Velvet with the sheen of silk, and of so soft a quality that it is very little heavier, is seen in many attractive costumes at afternoon functions. Black and white is the most pleasing combination. The gown here pictured, made in the United States, with its basque effect and collar and cuffs of white organdy, is well adapted for this material. The lower skirt is of accordion pleated Pussy Willow Taffeta, which combines beautifully with the velvet.

Personals

Alvin J. Hall, who has acted as principal of the Orange County Business College for the past year, has gone to Bakersfield and will have charge of Prof. J. W. McCormac's business college at that place.

Mrs. Alice Harris has returned from near Arlington where she visited her daughter, Mrs. Michael Thompson and family for more than a week. Mr. Thompson, who was formerly of this city, is now foreman of the San Jacinto Land Co. and is located four miles from Arlington.

Mr. and Mrs. Robt. Flook came over from Long Beach Sunday to note the progress being made in the apartment house they are building at the northeast corner of Bush and Tenth streets, this city. They spent the day at the Warren Brakeman home.

Dr. H. W. Head of 1516 West First street, who recently suffered from a severe attack of heart trouble, is reported to be much better.

Mrs. Robt. L. McCullough, baby daughter, Eveline Velda, and little Emma Miller returned to their home at San Juan Capistrano Saturday after making a two months' stay in Santa Ana.

Peter Weekhout left yesterday for a visit at Potter, Neb., traveling over the Salt Lake route.

Miss Ida M. Segerstrom is spending a few days with friends at Los Angeles and Hollywood.

Mrs. J. J. Tavis, accompanied by her daughter, Miss Ruth, has gone to Salt Lake City to meet Mrs. Tavis' mother, Mrs. E. H. Cowdrey, who is coming to Santa Ana for a visit. Mrs. Cowdrey left her home at Denver July 10, expecting to come directly to Santa Ana, but on account of becoming severely ill, on her way. She stopped at Salida, where she underwent a serious operation. Until the present date she was unable to continue her journey.

J. H. Reeves, J. W. Reeves and Mrs. Nellie Reeves, who have been visiting with Mr. and Mrs. Frank M. Gilbert, 1106 West Second street, left yesterday for Belgrade, Neb., over the Salt Lake route.

Mrs. Mary Booth has been called to Kayesville, Utah, on account of the death of her daughter.

Misses Gladys and Celia Hillman of San Bernardino, are visiting at the home of their uncle, H. C. Clemmons, of West Seventeenth street.

Mr. and Mrs. R. H. Potter and daughter, of Illinois, who have been spending the winter at Long Beach, left this morning for their home after a two-weeks' visit in Santa Ana. They traveled via the Salt Lake route.

Mr. and Mrs. G. W. Benham and granddaughter arrived this morning from Burlington, Ia., for a visit with Mr. and Mrs. H. Enderle, of Yorba street, Tustin. Mrs. Enderle is the daughter of Mr. and Mrs. Benham.

H. H. Crawford left this morning for Chicago, going by way of the Salt Lake route.

The friends of Miss Cora Purkington will regret to hear that she is confined to her home, with an attack of pleurisy. Miss Purkington is an employee of Taylor Brothers' confectionery.

Mrs. N. J. Metz enjoyed a visit yesterday at Huntington Beach and Long Beach.

Mr. and Mrs. McMasters, Mr. and Mrs. G. W. Hinkle, Mr. and Mrs. H. C. Cleveland, spent the week-end with Mr. and Mrs. G. E. Burns, on East Walnut street.

Miss Genevieve Cottrell left this afternoon for a week's visit with Hollywood friends.

Dr. Lee Lockett and little daughter have returned to their home in Texas after a visit with Dr. Lockett's mother, Mrs. Mary E. Lockett, 1010 North Broadway.

A. J. Buchheim of Anaheim was a business visitor here today.

ADDRESS DELIVERED TO THE BUSINESS COLLEGE

Walter Eden, deputy district attorney, delivered an instructive address at the Orange County Business College last Friday. The talk was devoted largely to the principal features of the law as it relates to courts and to their jurisdiction. The speaker dealt with his subject in a general way, not attempting to go into detail. He succeeded in his purpose—that of giving the students a good idea of the various courts of the land.

In Honor of Officers

Wednesday evening at 7:30 o'clock the members of the Intermediate League of the First M. E. church will hold a novel party in the church parlors, in honor of the new and retiring officers of the league. An unusually interesting program of entertainment has been prepared by the committee in charge, of which Esther Coffman is chairman.

The incoming officers are John Wehrly, president; Laura Davis, vice-president; Wesley Jayne, treasurer; Maxwell Jayne, secretary; Dorothy Hendry, chairman of social committee; Kathleen Steward, chairman of social service committee; Vera Hendrickson, chairman of advertising committee; Reginald Inwood and Waldo Wehrly, ushers; and Mary Crozier, chorister.

MINNESOTA'S PICNIC

The annual mid-winter picnic of the Minnesota Association of Southern California will be held at Eastlake Park, Los Angeles, on February 13.

As there are about 100,000 former sons and daughters of the North Star State residing in this section of the country, enjoying California's pleasant climate and eternal sunshine and many visitors to the fairs, a large and happy gathering is expected.

Rescues a Bicycle

Constable Coleman has arrested Pedro Rocha. Rocha entered the F. M. Jones Sales Company store and attempted to sell a bicycle. E. M. Bradley, the manager, called on Coleman, and upon investigation Coleman placed Rocha under arrest. Coleman has information that the bicycle that the Mexican was trying to sell was stolen in San Bernardino.

GOOD SUGGESTION TO SANTA ANA PEOPLE

It is surprising the amount of old, foul matter the simple mixture of buckthorn bark, glycerine, etc., known as Adler-ika, drains from the system. This remedy became famous by curing appendicitis, and acts on BOTH the upper and lower bowel so thoroughly that ONE DOSE relieves sour stomach, gas on the stomach and constipation almost IMMEDIATELY. We are mighty glad we are Santa Ana agents for Adler-ika. Rowley Drug Co.—Advertisement.

—Prof. Graves, teacher of dancing, gives private lessons on Wednesdays from 9 a. m. to 6 p. m. Class work 8 o'clock, at Elks Hall. Lessons 50c. Admission free to public.

Prompt Action Will Stop Your Cough. When you first catch a Cold (often indicated by a sneeze or cough), break it up at once. The idea that "it does not matter" often leads to serious complications. The remedy which immediately and easily penetrates the lining of the throat is the kind demanded. Dr. King's New Discovery soothes the irritation, loosens the phlegm. You feel better at once. "It seemed to reach the very spot of my cough" is one of many honest testimonials. 50c at your Druggist.—Advertisement.

You should see "Mrs. Wiggs," at Clune's.

Just arrived, my new line of Hair Ornaments

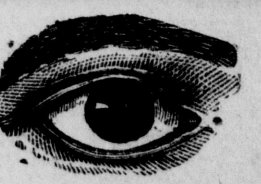

Barrettes, Swirl Pins and Tango Pins, in the new Rock Crystal.

PLEASING PIANO RECITAL
Pupils of Miss Haughton Give
Program of High Merit
Saturday Afternoon

A most delightful piano recital was given Saturday afternoon at the home of Miss Carolyn Haughton, by a number of the smaller pupils of her class. Miss Ruth Langley won much praise, when called upon to transcribe her piece into different keys. Robert Vawter also delighted the audience with a rhythm drill. The entire program had been memorized and the work of these children certainly showed the wonderful results which can be obtained from the study of the Burrows course of music. The program follows:

Rock-a-Bye Marten
Bohemian Dance Tom Hill
A Curious Story Weber
Whistling Boy Evelyn Andrie
Slumber Song Garlitt
Notation Drill Ruth Mills
March Wilma Carter
Hide and Seek Rogers
Rhythm Drill Schytte
Duet Evelyn Andre
Fair Waltz Burrows
Happy Farmer Harthan
Transposition Steabogg
Camp of Gypsies Ruth Finley
In Rank and File Schumann
Spinning Song Verne Harrison
Don Juan Mennett Ruth Langley
Knights Rupert Mary Lee
Harris Cloves Schumann

Miss Haughton promises a program by her advanced pupils in a few weeks.

Reception at Tustin Postponed
The reception which was to have been given tonight at the Tustin Presbyterian church, complimenting the new pastor and wife, Rev. and Mrs. W. S. McDougal, has been postponed on account of the rain, until next Tuesday night.

Book Review Meeting Postponed
The regular meeting of the Ebell Book Review Section, announced for this evening, will be postponed one week, on account of stormy weather.

FIRST PICNIC OF SEASON
Merry Crowd of Young People
Enjoy Day's Outing at
County Park

A merry company of boys and girls from the Intermediate school enjoyed the first picnic of the season Saturday, at Orange County Park. Mrs. F. S. Browne chaperoned the party, which met at the Intermediate school at 7:30 a. m., making the trip in a big hay wagon.

Upon reaching the picnic grounds, all joined in a toboggan slide, this exercise giving keen appetites for the wienie bake and bountiful picnic dinner at noon time.

A climb up Fern Hill started the fun of the afternoon, the summit being reached after a very determined struggle. Pictures were taken of the company during this strenuous climb and also after the party had returned to the wagon for the homeward drive.

A boat ride on the lake was also enjoyed by these young people who will long remember their pleasant day's outing.

The jolly crowd included Mrs. F. S. Browne, Misses Elsie Williams, Olive Browne, Dorothy Rogers, Waive Kingrey, Marie Golden, Gwendolyn Hoyle, Elsie Flour, Messrs. Harold Keeney, Melborne Harvey, Eddy Newman, Joseph Kelly, Kenneth Horton, Curly Best, Donald Smith and Paul Tucker.

Terrible Onslaught
The members of Company L formed in battle array after drill last night and charged double-quick upon a perfectly innocent supper at Taylor's, the occasion being in honor of Second Lieutenant Turner, who has lately been appointed to his commission. The casualties numbered about thirty and the fray was such that it will be long remembered by the boys.

Those taking part in the onslaught were: Captain McBride, Lieutenant Knight, Sergeants Christenson, Foye, Manning, Coleman and Ford; Corporals Garnett, Mix, Beck; Privates Ayres, S. R. Bagwell, W. L. Bagwell, Cooper, Coleman, Connes, Price, Frye, rioli, Haapa, Jaeger, Liggett, Lentz, Ward, Willets, Young, Van Doozer, Leatherwood, McReynolds, Reilly and Fluor.

—Dr. J. W. Shaul, 417 Hollingsworth Bldg., Los Angeles, in Santa Ana office Wednesday and Saturday afternoons, 1 until 7:30 p. m. Eye, ear, nose, throat and fitting glasses.

"Mrs. Wiggs of the Cabbage Patch," at Clune's, tonight and tomorrow.

A Potpourri of News and Views

(From Los Angeles Financial News.)

California Oil Output

In bulletin No. 68 just issued by the State Mineralogist, petroleum statistics for California, for the year 1913 are given in detail. The petroleum production in California during 1913 amounted to 98,494,532 barrels, valued at \$48,578,014, or an average of 49.3 cents per barrel, as compared with the 1912 output of 89,689,250 barrels, worth \$41,868,344, or an average of 46.7 cents per barrel. This is an increase in amount of 8,805,282 barrels, and in value of \$6,709,670, and in the average price per barrel of 2.6 cents. Of the total production 5,129,049 barrels were used as fuel in the field, as compared with 6,058,186 barrels in 1912. Production by counties for the years 1912-1913 is as follows:

County	1912	Value	1913	Value
Fresno	19,500,522	\$ 8,487,255	18,556,965	\$ 7,927,736
Kern	51,448,067	21,762,532	56,698,432	27,038,474
Los Angeles	4,484,590	2,798,384	4,143,890	2,672,880
Orange	6,704,421	4,475,532	8,455,352	6,867,402
Santa Barbara	2,129	1,469	6,291,076	3,151,725
Santa Clara	6,862,710	3,247,045	8,235	12,000
Santa Clara	14,082	8,235	89,000	907,997
Ventura	682,200	584,311	89,000	907,997

Totals 89,689,250 \$41,868,344 98,494,532 \$48,578,014
Average price per barrel of petroleum in the various producing counties during 1912 and 1913 were as follows, the figures being in cents and fractions thereof:

County	1912	1913
Fresno	43.5	41.8
Kern	42.3	46.0
Los Angeles	62.4	64.5
Orange	66.8	72.4
Santa Barbara	56.4	50.0
Santa Clara	88.2	8.01
Ventura	85.2	49.3

The following table shows the rate above and below 18 degrees Beaume in the gravity of the oil produced with the average price received per barrel for the two general grades of oil in each county for 1913:

County	18 degrees	Per cent	18 degrees	Per cent
Fresno	45%	50.8	55%	35.5
Kern	56%	53.4	41%	36.1
Los Angeles	58%	52.5	58%	52.4
Orange	58%	75.5	12%	50.6
Santa Barbara	56%	56.0	14%	37.9
Ventura	92%	87.6	8%	46.0

The value of the crude oil output during the early years of its production, taking the total value given in Bulletin 60, which includes the years 1887-1909, as a basis, the grand total value of the petroleum produced in California during the past 25 years is as follows:

Year	Value
1887-1909	\$136,692,228
1910	37,689,542
1911	40,452,088
1912	41,868,344
1913	48,578,014
Total	\$305,281,216

Projectile That May End War

From Gloucester, Mass., comes a story by telegraph of an invention of a projectile which may end the great war in Europe. Here is the story:

"A new type of projectile, which would scatter a white hot mixture of molten steel over the object of attack and at the same time permeate the atmosphere with a deadly gas which would make it impossible for fire fighters to approach, has been invented by John Hays Hammond, Jr., according to a statement made by the inventor. The new missile may soon appear in the European war, as some of the belligerent nations are now negotiating for its purchase, he said. The United States government at present is conducting experiments with the new projectile at Sandy Hook, he added. The missile is designed for use in siege guns, as an aid in destroying towns and dirigible balloons. Mr. Hammond explained that the projectile carries an aluminum thermic mixture, which, five seconds after the projectile is discharged, turns the steel inside to a white hot mixture at a temperature of 5400 degrees F. When the projectile hits the target, the inventor said, it explodes, its white hot contents setting fire to whatever inflammable material it strikes. To avoid the possibility of any one in the locality quenching the flames, Mr. Hammond said, he had equipped the projectile with a chamber filled with hydrocyanic acid, the fumes of which are deadly."

Public Utility Interest Payments

Public utilities in Los Angeles will on January 1 pay interest upon their bonds, the sum to be disbursed being around one million dollars. The disbursement is on a semi-annual basis. Companies listed on the Los Angeles Stock Exchange who have interest due on their securities are: California Pacific fives, Home Telephone fives, Home Telephone First Refunding fives, Huasteca Pipe Lines sixes, Los Angeles Electric fives, Los Angeles and Pasadena Electric Railway fives, Los Angeles Gas and Electric fives, Los Angeles and Redondo Railway fives, Mexican National Gas fives, Pacific Electric fives, Pacific Light and Power fives, Pacific Light and Power Guaranteed fives, Producers' Transportation fives, Union Oil fives and United States Long Distance Telephone and Telegraph fives.

Development of Water Power

Before the public lands committee of the Senate this week H. J. Pierce of Seattle, an expert engineer, declared that the available hydro-electric horse power in the United States was 200,000,000 of which only 6,000,000 has been developed. Mr. Pierce is opposing the enactment in its present form of the water power site leasing bill passed by the House last session and urged by President Wilson and Secretary Lane. Pierce declared capital would not be encouraged to invest in water power development under the restrictions imposed by the measure because of the revocable nature of the leases proposed.

The Shadow

They are marching through the valley,
Through the valley of the shadow,
And the Spectre death is watching over all;
The Neighbor fighting against neighbor,
Oh the wasted wealth and labor,
While everywhere the dreadful shadows fall.

Thousands are no longer marching
Through the valley of the shadow,
Peace in death has come to terminate their pain.
Done the pageantry and glamour,
Done for them the din and clamor,
Of this grim, relentless, pitiless war's reign.

Oh, the pity and the folly,
Of the fighting in the valley
Of this land, before so beautiful and bright;
Broken heart and shattered home
Fill the valley with their moan,
Beauty's vanished, only horror meets the sight.

May God grant this dreadful shadow,
Which is brooding o'er their valley,
Never casts its pall across our peaceful shore.
Keep us safe, but quick to borrow,
Our true lesson from their sorrow,
Swift in mercy, slow in anger evermore.
—Boston Herald.

Oil Land Leases

There are fifteen sections in the oil land lease agreement blanks for which have been received at the Los Angeles Land and Office from Commissioner of the General Land office. The agreement allows oil operators on lands, title to which is in dispute with the Government, to operate their holdings upon placing escrow the amount of royalty. Of the fifteen sections to the agreement the more important are:

The first provides that the same may be cancelled by the Secretary of the Interior should any of the representations made by the operator be found untrue. The second provides that, pending the settlement of title to the land and the issuance of patent, the operator shall be permitted to operate the ground for oil or gas in accordance with the rules laid down in the agreement, and not otherwise. The third requires that all development shall be done in a workmanlike manner so as to guard against waste.

The fourth provides that contracts for the sale of oil from the land must be approved by the Secretary of the Interior. The fifth fixes the royalty at one-eighth of the gross receipts and provides for statements in triplicate of all sales, one to go to the bank in which the money is deposited, one to the chief of the field division of the district where the property is located, and one for the operator.

The sixth gives the Secretary of the Interior the right to change the proportion of the gross receipts to be deposited as a royalty by giving thirty days' notice to the operator who in case the amount is increased may then terminate the agreement, provided that he shall file in the proper United States land office notice of his intention to terminate the same within ten days after receiving notification of the increase.

Under section 7 all interests paid by the bank of deposit upon the money held in escrow shall be added to the same and held until the title to the land is determined, and upon such settlement the principal and interest alike shall go either to the operator or to the United States treasury, according to whether or not the operator is finally given patent to the land.

Section No. 8 provides that, should patent be issued for a part of the land in dispute only, then the money in escrow shall be divided between the United States and the operator in the same proportion as the land to which patent may be issued bears to the entire tract claimed by the operator and covered by the money in escrow.

No. 9 provides that the Secretary of the Interior shall furnish purchasers of oil from the land in question and the bank of deposit with copies of the agreement, which shall be deemed instructions to them as to their rights and duties thereunder.

No. 10 gives the representatives of the Department of the Interior authority to inspect the property in question, its equipment and development, and the books and accounts of the operator from time to time as the Secretary of the Interior may direct.

No. 11 provides that, as long as the agreement remains in effect and operations are conducted, and products sold strictly in accordance with its provisions, the money deposited in escrow shall constitute satisfaction to the government in full for any claims for trespass or for oil extracted during that period.

Shipments Through the Canal

In the two months and a half ending November 1, seventeen eastbound vessels passed through the canal carrying a total of 122,258 tons of grain, consisting of 72,932 tons of barley, and 49,326 tons of wheat. Counting 37 bushels of wheat and 46 of barley to the long ton, the cargo amounted to 1,325,062 bushels of wheat and 3,354,532 bushels of barley, a total of 5,179,594 bushels of grain, the figures being obtained from the Canal Record.

The next largest single item of cargo carried through the canal during the same period was nitrates, principally from Chili. This was carried in 14 vessels, and amounted to 99,126 tons.

The distance saved by the vessels from the United States by the use of the canal instead of the Magellan route is estimated at 5,550 miles. If the average speed of the vessels be rated at ten knots, the saving in time at sea per vessel was 23 days. On the basis of a per diem cost of operation at sea of ten cents per net registered ton, the average saving in cost of operation per vessel was \$309 per day, or \$7,116. The average tolls paid on 4,050 tons at \$1.20 per ton were \$4,860. The average net saving per vessel, by use of the canal, was accordingly \$2,256.

Hawaiian Sugar Crop

Statistics of the Hawaiian sugar crop for the season 1913-1914 show a total tonnage of 617,038 against 546,798 in same period, 1912-1913. The output of the principal plantations follows:

Hawaii	Tons
Olaa Sugar Company, Limited	25,736
Onomea Sugar Company	19,600
Hakalau Plantation Company	16,863
Panauhau Sugar Plantation Company	10,767
Honokaa Sugar Company	7,272
Hutchinson Sugar Plantation Company	6,506
Hawaiian Agricultural Company	17,890
Mauai	
Pioneer Mill Company	28,302
Wailuku Sugar Company	16,100
Hawaiian Commercial and Sugar Co.	56,500
Mauai Agricultural Company	33,660
Oahu

Oahu Sugar Company, Limited	33,474
Ewa Plantation Company	29,563
Waialua Agriculture Company	30,298
Kauai	
McBryde Sugar Company	16,345
Hawaiian Sugar Company	28,826
Kilauea Sugar Plantation Company	6,426

Demands Profit in Oil

Alleging that \$1,500,000 is due them as three-fourths of the alleged profits of the Chanslor-Canfield Oil Company between December, 1911, and March, 1914, suit to recover that amount has been instituted in the Superior Court of Kern County by J. W. Jameson of Bakersfield and T. J. Wrampelmier of San Francisco, owners of 8000 acres in the Midway oil district, operated by the company under a lease. The oil company is owned entirely by the Santa Fe Railroad. The action is the outcome of the notice served on the company by Jameson and Wrampelmier in March, 1911, declaring the lease terminated because of the failure of the company to comply with its terms. The company refused to give possession and a suit to recover the land was tried in the Superior Court in Bakersfield before Superior Judge Prewett of Placer County, who gave judgment in favor of Jameson and Wrampelmier. This suit is now pending on appeal. The action just instituted is to recover the estimated value of the oil and gas extracted by the company since it was notified that the lease was ended. The full value of the oil and gas extracted is declared to have been \$2,000,000.

CURIO EXHIBIT BE GIVEN AT SCHOOL

On Wednesday afternoon, February 10, at the Santa Ana High School, Mrs. Burger's Spanish classes will hold a Mexican curio exhibition and candy sale in room 237. Hot tamales will be sold at the noon hour and after school. The proceeds of this sale will be expended for pictures, books and games. Admission, 5c. Outsiders as well as students are urged to take advantage of this unusual treat.

Girls' Tennis Tournament

All girls who intend to enter the tennis tournament should sign up with Ardis Burns, girls' team manager, by Wednesday afternoon. Some very good games are expected, as some very promising material is showing up.

Semester Vacation

The first semester will close next Wednesday, and a two-day vacation will be given, Thursday and Friday of this week.

THICK GLOSSY HAIR FREE FROM DANDRUFF

Girls! - Try It! Your Hair Gets Soft, Fluffy and Luxuriant at Once

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots flail, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25 cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—way not now?—Advertisement.

LOS ANGELES PRODUCE MARKET

A thirty-point advance in sugar during the last three days of last week was announced, the product going up ten cents per day and making the Los Angeles list price \$6.15 for cane and \$5.35 for beet. Further advances will not be unlikely owing to the fact that the East has jumped forty-five cents on the sugar in the same time. It is not a matter of insufficient raw sugar that causes the present advance, but inability of the refiners to secure ships with which to handle their product from Cuba to New York.

Egg prices were up here and in the North. Local case-count jumped to twenty-five cents and northern to 23 1/2 cents. Reports from the North indicate that there, just as here, the storage stock has been cleaned up, consequently leaving the market dependent entirely on fresh eggs and on small shipments from the East, where eggs are considerably higher than here, figuring their cost landed in Los Angeles. Receipts were 422 cases.

Butter arrivals were 39,490 pounds. The demand for the product was fair and the market struck at twenty-seven.

YOUR COLD IS DANGEROUS
BREAK IT UP—NOW
A cold is really catching. A run-down system is susceptible to germs. You owe it to yourself and to others of your household to fight the germ at once. Dr. Bell's Fine-Tar Honey is fine for Colds and Coughs and soothes the Lungs. It's guaranteed. Only 25c at your Druggist.—Advertisement.

Skin Sufferers—Read!

We want all skin sufferers who have suffered for many years the tortures of disease and who have sought medical aid in vain, to read this.

We, as old established druggists of this community, wish to recommend to you a product that has given many relief and may mean the end of your agony. The product is a mild, simple wash, not a patent medicine concocted of various worthless drugs, but a scientific compound made of well known antiseptic ingredients. It is made in the D.D.D. Laboratories of Chicago and is called the D.D.D. Prescription for Scars.

This is a doctor's special prescription—one that has effected many wonderful cures.

Rowley Drug Company

The effect of D. D. D. is to soothe instantly, as soon as applied; then it penetrates the pores, destroys and throws off all disease germs and leaves the skin clean and healthy.

We are so confident of the marvelous power of D. D. D. that we have taken advantage of the manufacturers guarantee, to offer you a full-size bottle on trial. You are to judge the merits of the remedy in your own particular case. If it doesn't help you, it costs you nothing.

D. D. D. Soap is made of the same healing ingredients. Ask us about it.

EVERY CLOUD HAS ITS SILVER LINING IF YOU HAVE A BANK DEPOSIT.

"A SUN will pierce the thickest cloud earth ever stretched," Browning wrote. Yes, and a BANK ACCOUNT will dispel the DARKEST WORRIES earth ever produced. Your cloud of trouble, friend, will have its SILVER LINING, just as the real cloud has in this drawing, if you bank your money with us and keep a good balance. We extend many INDUCEMENTS to business men. Our banking facilities are now generally ENLARGED and made more FLEXIBLE.

Facts are Facts

because of anything or conditions that actually exist. The statements we've been making from time to time regarding conditions in the Templeton-Paso Robles district—(climate, fertility of soil, advantageous location as to market and social conditions, rainfall and wide range of products), have been statements of facts, sometimes disputed by parties who have no knowledge of the facts, or have only made an indifferent investigation, but facts nevertheless.

Our statements of the probable future of the district have, of course, been predictions based upon those facts and our observations of what has taken place in many other meritorious sections of California. Every forecast made by us as to the future of the locality is being more and more justified by the happenings of the past two years, at a time too, when development in many localities has been at a standstill or slipping back. Most of the development now being done there, with the exception of an eight million dollar project, is by men from Orange county and other parts of Southern California, mostly men of the hard-headed "show-me" type who know fruit and nut growing and California conditions.

We're Right

We know we are right and will be glad to tell you about this wonderful country and talk land to you—large or small parcels, improved or unimproved, fruit, nut, general farming, or stock ranches.

NOTICE INVITING BIDS

Santa Ana, Feb. 3, 1915.
In pursuance of a resolution of the Board of Supervisors of the County of Orange, Cal., adopted Feb. 3, 1915, directing this Notice, notice is hereby given that the said Board will receive at its offices at the Court House at Santa Ana, at or before the hour of 11 o'clock a. m. of February 16, 1915, sealed bids or proposals for the construction of a two 15 ft. span reinforced concrete bridge, on California State Highway, across Oso Creek, near Galivan.
Bids must be made on the form provided for the purpose, addressed to the Board of Supervisors, County of Orange, Cal., and marked "Bid for Concrete Bridge across Oso Creek."
The bid must further conform to the requirements of the "Instructions to Bidders" on file in said office.
The said work must be done in strict conformity with plans and specifications, which said plans and specifications were adopted by the Board of Supervisors of said County on Feb. 3, 1915, and are on file in the said office. Reference is hereby made to the said plans and specifications for full particulars and descriptions of the said work. Copies will be furnished attending bidders upon application to the County Surveyor of said county.
Each bidder must submit with his proposal a satisfactory check certified by a responsible bank and payable to the order of the County of Orange, for an amount not less than ten per cent of the aggregate sum of the bid, as a guarantee that the bidder will enter into the proposed contract if the same is awarded to him.
The amount of the bond to be given to secure a faithful performance of the contract for said work shall be 25 per cent of the contract price thereof, and an additional bond in an amount equal to 50 per cent of the contract price for the said work shall be given to secure the payment of claims for any material or supplies furnished for the performance of the work contracted to be done by the contractor or any work or labor of any kind done thereon.
The Board of Supervisors reserves the right to reject any and all bids.
By order of the Board of Supervisors of the County of Orange, State of California.

W. B. WILLIAMS, County Clerk.

NOTICE TO CREDITORS

Estate of Mary J. Ware, deceased. Notice is hereby given by the undersigned administrator of the estate of Mary J. Ware, deceased, to the creditors of, and all persons having claims against the said deceased, to exhibit the same with the necessary vouchers, within four months after the first publication of this notice (which publication was first made on the 12th day of Jan. 1915), to the said creditors of Mary J. Ware, at the law office of Wallace L. Davis, 415 North Main street in the city of Santa Ana, California, in the County of Orange.

Dated this 12th day of January A. D. 1915.

EDWARD G. WARE, Administrator of the Estate of said Deceased.

STATE ATTORNEY SAYS PRIMARY NECESSARY

Unofficial Opinions Given Ventura, Chico, Woodland, Cities of Fifth Class

RECORDER AND SCHOOL BOARD NON-PARTISAN

Recorder Can Wind Up Contest at Primaries — Monday Next Consider Call

Today City Clerk Lester received copies of opinions of two deputies of the attorney general in which it is stated by one that a primary election should be held in each city of the fifth

EASY TO DARKEN YOUR GRAY HAIR

You Can Bring Back Color and Lustre With Sage Tea and Sulphur

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and lustrous. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look your source — Advertisement.

LOMITA LAND & WATER CO.

class and by the other that a primary is mandatory.

According to the opinions of Deputy Attorney General J. T. Nourse and Harrison, partisan nominations are to be made for all elective city offices except recorder and board of education.

It is now generally understood by the city authorities that a primary election is to be held. There is little question but that at their meeting next Monday night the city trustees will call the primaries for March 16. Nominations must be filed with the city clerk not later than February 25.

One of the state deputies closes on opinion as follows:

"It apparently follows, therefore, that the direct primary law of 1913 applies to cities of the fifth class, and that as at such primary all candidates for nomination to any judicial or school office are to be considered non-partisan, and the provisions of the primary law applicable to non-partisan candidates must be applied to them; that all candidates for nomination to all other offices are to be considered partisan candidates, and the provisions of the primary law respecting partisan candidates are to be applied to them."

Just how the primary election is going to work out requires some study and brings up a number of interesting points. It is asserted that even if no party nomination petitions are filed before February 25, the election must be held in order to give opportunity for the writing in of names for party nominations.

It seems probable that the primaries of March 16 will decide the recordership. If any candidate gets a majority of all votes cast, he will be elected. So far City Recorder Willson has no opponent. He will be a candidate for re-election.

While the board of education is non-partisan, it will not be decided at the primaries, if the same rule applies as applies to county contests when there are more than one to be elected. For instance, in the county election, under the law it was impossible for a Santa Ana constable or a superior judge to get enough votes to be elected in the primaries. In fact, the law is so worded that nominations only can be made where more than one is to be elected to a position.

That there is going to be no mad rush to get party nominations is predicted by a number of those interested in city politics. Several of those who are going to run for city offices are reported to have said that they prefer letting the primaries go by the board, that they would rather get on the election ballot by April 12 as independent candidates.

Family's Troubles

A message to the effect that four men had one Silverio Ruiz in a house at Talbert and were compelling her to drink, took Sheriff Jackson, Under Sheriff Inman and Deputy Bells on a hurried trip to Talbert last night. They found the situation different from that reported. Outside the house was Ruiz. Inside it was the woman and six children, including two hunky boys and a girl about 16 years old. According to the information secured at that time, Ruiz's actions toward his step-daughter caused two of her brothers to throw the man out of the house. Jackson took the man to jail.

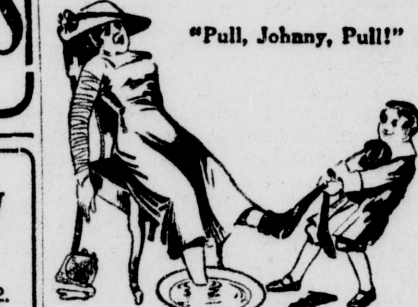

'TIZ' FOR SORE

TIRED FEET—AH!

'Tiz' is Grand for Aching, Swollen, Sweaty, Calloused Feet or Corns

Ah! what relief. No more tired feet; no more burning feet; no more swollen, bad smelling, sweaty feet. No more soreness in corns, callouses, bunions.

No matter what ails your feet or what under the sun you've tried without getting relief, just use "TIZ." "TIZ" is the only remedy that draws

out all the poisonous exudations which puff up the feet. "TIZ" cures your foot trouble so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore and swollen. Think of it, no more foot misery, no more agony from corns, callouses, bunions.

Get a 25 cent box at any drug store or department store and get instant relief. Wear smaller shoes. Stop once try "TIZ." Get a whole year's foot comfort for only 25 cents. Think of it.—Advertisement.

BOARD OF SUPERVISORS TO VIEW ROADS BEFORE ACTS ON REPORT

Disposal of Majority and Minority Recommendations Not Yet Voted On

JOPLIN GETS PICK-UP ON STRAY WARRANT

Compromise is Entered Into Whereby Richfield Will Get Schoolhouse Soon

The Board of Supervisors, in session today, did not discuss the majority and minority reports of the highway commissioners for the disposal of \$240,000 surplus money to be left in the good roads funds after the original plans are carried out. It is the purpose of the board to make a personal inspection of the various roads concerned in the reports before final action is taken settling upon roads to be improved with the surplus.

A Checking Up

Auditor Jerome reported to the supervisors that on examination of the books in his office, comparison with the treasurer's records and upon affidavits secured from those having knowledge of the warrants concerned, he found that the warrant book did not show as paid warrants as follows: Zellerbach Paper Co., \$29.15; Santa Ana Book Store, \$537.26; Yorba Linda Water Co., \$1; Santa Ana Book Store, \$100; Grimes-Stassforth Stationery Co., \$60.38; W. & L. E. Gurley, \$216.22; total \$944.11.

County Treasurer J. C. Joplin with Attorney R. Y. Williams was before the board to show that the warrants had actually been paid. Affidavits from one or two banks were on hand to show that they passed through the banks. The warrants were all for some months back.

The supervisors passed an order instructing the auditor to mark the warrant book in the auditor's office showing these particular warrants as paid. Since Joplin has been carrying these warrants with money out of his own pocket, he says the action is as good as \$944.11 saved to him.

District Formed

Today the supervisors heard the petition of residents of Richfield for the formation of a new school district. Until a compromise was entered into, G. B. Key, S. W. McCollough and E. D. Lange, trustees of the Placentia district, opposed the formation of the new district since it would remove territory from it. At noon a conference was held in the office of County Superintendent Mitchell, whereby the new district should be organized. The supervisors granted the request. It was stated that the question of forming a union school district between Placentia and Richfield districts will be voted upon, and, if carried, a schoolhouse will be built at Richfield to accommodate the lower grades. If operated as a separate district the school would have to have all the grades. The Richfield pupils of the higher grades will attend grammar school at Placentia.

CONGRESSMEN TO BE TAKEN OVER COUNTY

In response to a letter from Congressman William Kettner, Secretary Metzgar of the Chamber of Commerce has sent a reply to Washington stating that a party of congressmen and their wives, for whom Congressman Kettner is making arrangements to visit the San Diego fair, will be welcomed in Santa Ana by Chamber of Commerce men and will be taken on a tour of Orange county.

In his letter to Secretary Metzgar Congressman Kettner said: "This would be a splendid opportunity to have the lawmakers see our country. You can readily understand what an advantage this would be as we are constantly asking important legislation and if they have seen the country and know the conditions there, they naturally would feel a personal interest and would be more inclined to favor us."

"It has been figured that only one per cent of them have ever seen our great country. They expect to leave Washington March 5 and if the Chamber of Commerce wishes them to stop at Santa Ana and will make arrangements to show them the interesting places of your city and county, I will gladly take it up with them."

A PERSONAL STATEMENT

—There are so-called "honey and tar" preparations that cost the dealer half as much but sell at the same price as the original and genuine Foley's Honey and Tar Compound. We never offer these imitations and substitutes. We know you will buy Foley's whenever you need a cough syrup if you once use it. People come long distances for the true FOLEY'S—over thirty years the leading remedy for coughs, colds, croup, whooping cough, bronchial and grippe coughs. Sold by all druggists.—Advertisement.

'BAT' NELSON SUES ANNETTE KELLERMAN

NEW YORK, Feb. 9.—Batting Nelson vs. Annette Kellermann. That's the fight that is soon to be staged in this city. The match was made when Nelson, former lightweight champion, filed suit against the swimmer for \$450 and interest on a loan which he claims to have made to the swimmer and her husband-manager, James T. Sullivan, in 1910. He says only \$50 of the alleged loan has been repaid.

10-YEAR TERM GIVEN FOR MANSLAUGHTER

REDDING, Cal., Feb. 9.—Ten years, the maximum sentence, was imposed here upon Charles L. Allison, convicted of manslaughter last week, although he pleaded the unwritten law in defense. Allison surprised Daniel O'Connor with his wife and killed him.

CUT THIS OUT NOW

—If you don't want it today, you may next week. Send this advertisement and 5 cents to Foley & Co., Chicago, Ill., writing your name and address clearly. You receive in return three trial packages—Foley's Honey and Tar Compound for coughs, colds, croup and grippe; Foley Kidney Pills, for weak or disordered kidneys or bladder; Foley Cathartic Tablets, a pleasant, wholesome and cleansing purgative, just the thing for winter's sluggish bowels and torpid liver. These well-known standard remedies for sale by all druggists.—Advertisement.

AMUSEMENTS

At the Grand

The George Broadhurst-Abraham Schomer drama of society known as "Today" appears at the Grand Opera House, Thursday, February 11.

"Today" ran all last season in New York, at the Forty-eighth-street Theater, and has just completed a four-months' engagement in Chicago. The Chicago company will be seen here. The plot is directly concerned with the fortunes of a young married couple. The husband meets with business reverses and suddenly finds that he can no longer give his wife her every desire. Undaunted, he cheerfully starts to retrieve his lost fortune. His father and mother, who are said to provide the light and laughter of the play, gladly co-operate with him in every way. But his young wife, a butterfly of society, finds life dull in a tiny flat, after she has reigned like a queen, and pines for the pretty gowns and the joyous times of the old days.

With logical sequence the play moves like a whirlwind to its only possible end. In an extreme thrilling climax the heavy hand of retribution descends upon the wife, and the husband finds himself a prisoner of the law.

"Mrs. Wiggs of the Cabbage Patch" A crowded house witnessed the first showing of this film play at Clune's last night, and is to be here tonight and tomorrow.

The story as revealed by the film, combines Mrs. Alice Hegan Rice's two novels, "Mrs. Wiggs of the Cabbage Patch" and "Lovey Mary," which were successfully dramatized by Mrs. Anne Crawford Flexner in 1903 under the former title.

An apparently inexhaustible fund of kind-heartedness is Mrs. Wiggs, a chief and unfulfilling asset. Hubby deserts her in search of work, becomes a circus master, bigamously marries a circus girl, who dies and leaves a child. But in the end Mrs. Wiggs receives back her errand, but repentant spouse, and marital happiness resumes its sway at the Cabbage Patch.

Lovey Mary, a beautiful girl, is a friendless orphan forced to work in a circus. The life is distasteful to her. She is an heiress and, a scheming circus owner being aware of this fact, gets possession of the proofs, conceals Lovey Mary, substitutes another girl for her, and makes a bold and nearly successful attempt to secure Mary's money. Lovey Mary escapes, undergoing a thrilling series of adventures in her pursuit by the villain, and takes refuge in Mrs. Wiggs' house. She is kidnapped again, and once more escapes. Her lover recovers the documentary proofs and the circus master is foiled.

Two plots, therefore, run through the photoplay—the domestic troubles of dear old Mrs. Wiggs; the tragic adventures of Lovey Mary. At points of the story, however, the two plots interweave. The culmination is all round happiness and forgiveness, with the defeat of wrong-doing. Lovey Mary is happily married.

OAKLAND INAUGURATES RIGID JITNEY CONTROL

OAKLAND, Feb. 9.—Oakland is the first city in the United States to pass a jitney ordinance, and the one now in force, just authorized by the city council, is most drastic in its regulations and is, as the head of one of the traction companies puts it, "a step in the right direction."

The new ordinance requires the driver of each jitney to file a bond of \$10,000 to insure the protection of passengers and property in case of accident; makes them file a route and a schedule and comply with both as far as is possible; prevents overcrowding of the cars or any riding on the running boards; gives the chief of police authority to regulate the buses so as to safeguard the public.

The jitney drivers will each be given a number, and will be allowed to leave their regular routes every other night, if they so desire, to attend places where there are especially large crowds, the odd-numbered drivers going one night and the even-numbered the next.

Traction heads here are pleased with the ordinance but hold that it should be even more drastic. They say that the continuation of the jitney would result in the upbuilding of a city of apartment houses near the downtown section and would prevent the development of suburban property.

KETTNER KEEPS UP FIGHT FOR HARBOR

If Conference Fails He Will Take Case Directly to the House

WASHINGTON, Feb. 9.

—Representative Kettner has not yet accepted as final the refusal of the Board of Engineers for Rivers and Harbors, to approve of the improvement of the Newport harbor, Orange county, Cal. He has one more conference scheduled with Gen. Kingman, and the Assistant Secretary of War. In case that results in a refusal to give the bill favorable consideration, Kettner will lay the whole matter before the house.

A Test for Liver Complaint

Mentally Unhappy—Physically Dull The Liver, sluggish and inactive, first shows itself in a mental state—unhappy and critical. Never is there joy in living, as when the stomach and liver are doing their work. Keep your liver active and healthy by using Dr. King's New Life Pills; they empty the bowels freely, tone up your stomach, cure your constipation and purify the blood. 25c at Druggist. Bucklen's Arnica Salve excellent for Piles.—Advertisement.

AT THE COURTHOUSE

CASE IS DISMISSED VALENTE VERA FREE

Today Valente Vera went forth a free man. He was once tried on a charge of assault with a shotgun with intent to kill Marcelino Lopez. Vera declared he used the gun as a weapon in order to protect a woman. The jury that tried the case was unable to agree upon a verdict. The dismissal today was upon the suggestion of the district attorney's office.

Suit for Divorce

Action for divorce was brought today by Edna Lee against William Lee. Wallace W. Davis is attorney for the plaintiff.

Attachment Case

In connection with an action brought by D. P. McBurney against S. B. Stambaugh and others, property in French's addition to Santa Ana has been attached. Action is for \$80.27.

W. E. Gates has recorded a declaration of homestead upon a lot in block P, Hill tract, value, \$4000.

The Roberts-Oliver Lumber Company has recorded a mechanic's lien against M. Fereday and ranch property on a demand for \$49.85.

Marriage Licenses

John J. Burkhardt, 24, and Clara C. Depweg, 21, both of Anaheim; Stanley P. Tumber, 24, and Gertrude Purcell, 20, both of San Diego; George A. Adams, 32, of Orange, and Pearl E. Thompson, 30, of Santa Ana.

For Administrator

R. C. Marquez of Yorba has asked for letters of administration upon the estate of Gabriel de los Reyes, who left an estate worth \$1500. Williams & Rutan are attorneys for the petitioner.

A FALSE STANDARD OF CULTURE

has gained ground in this century which looks upon the bearing and rearing of children as something coarse and vulgar and to be avoided, but the advent of Eugenics means much for the motherhood of the race. Happy is the wife who, though weak and ailing, depends upon Lydia E. Pinkham's Vegetable Compound to restore her to health, and when headrests the past brave sones and fair daughters rise up and call her blessed.—Advertisement.
